Fund Structure

Like other state and local governments, the county uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting is also used to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. The following depicts the county's budgeted funds and how they fit in the organization for budget and accounting purposes.

Recommended Budget By Fund Type

For budgetary purposes major funds may differ from major funds reported in the County of Riverside Annual Comprehensive Financial Report (ACFR). For the ACFR, major funds are those whose revenues, expenditures, assets, or liabilities are at least 10 percent of all governmental or enterprise funds and at least 5 percent of the aggregate amount for the same item. In a budget document, any fund whose revenues or expenditures, excluding other financial sources and uses, constitute more than 10 percent of the revenues or expenditures of the appropriated budget should be considered a major fund. For budgetary purposes, the General Fund and the Riverside University Health Systems-Medical Center (RUHS-MC) Enterprise Fund qualify as major funds.

The following table illustrates total Recommended FY 2022/23 revenues and expenditures by fund type and fund.
